

Our 787-9 Dreamliner in-flight experience

787-9 Dreamliner

Our Boeing 787-9 is full of special features.

- ▶ Our 787-9 uses 20% less fuel than similar aircraft, so you can travel with peace of mind
- ▶ With windows 30% larger than the 767-300, the cabin is immersed in natural light and surrounded by incredible views of the continents, sunsets and oceans below
- ▶ The air on board is cleaner and healthier, thanks to our clever new air purification system and you'll step off the plane feeling refreshed
- ▶ We've lowered the altitude and increased the humidity of the cabin to create the ideal feel-good atmosphere. You'll arrive at your destination with a bounce in your step, ready to take on the world
